

Logic Mentoring Workshop @ CSL 2024

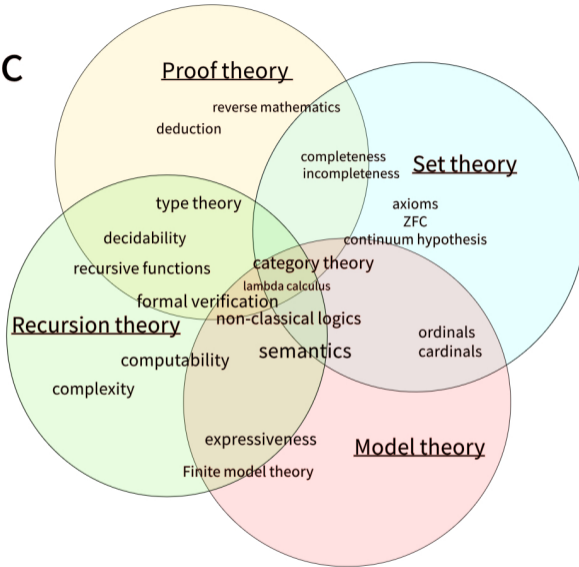

23 February 2024

- introduces young researchers to technical and practical aspects of a career in logic research
- targeted at students, from senior undergraduates to graduates
- includes talks and a panel discussion

Program

- 09:15–10:15 **CSL invited talk by Moshe Y. Vardi: Logical Algorithms**
- 10:15–10:45 Coffee break
- 10:45–11:15 **Meet and greet**
- 11:15–11:45 **Studying Logic in Computer Science: the ABC**
Isabel Oitavem
- 11:45–12:15 **Good student versus good researcher**
Laura Fontanella
- 12:15–12:45 **How to survive a “What is your research about?” kind of question**
Paolo Pistone
- 12:45–14:00 Lunch break
- 14:00–14:30 **Let Me Be Clear**
Matteo Acclavio
- 14:30–15:00 **Structure in Research and Computation**
Antoine Mottet
- 15:00–15:30 **Storytelling at conferences — how to present your paper without losing your audience**
Maaïke Zwart
- 15:30–16:00 Coffee break
- 16:00–16:30 **Work-Family Balance in Academia? — Reflections on my PhD time as a parent**
Luisa Herrmann
- 16:30–17:00 **Doing a PhD is more than writing a thesis**
Iris van der Giessen
- 17:00–17:45 **Panel**
Antoine Mottet, Isabel Oitavem, Moshe Y. Vardi, and Maaïke Zwart

Logic

*this is a non exhaustive list
(philosophy,...)

Meet & Greet

- What is your background?
 - Research interests
 - Have you been at a conference yet?
 - ...
- What do you expect from this workshop?
- What are your specific questions you would like to be addressed in the workshop?
- How was your experience at CSL so far? What did you like?
